NOTICE OF TENTATIVE APPROVAL
ACT/045/005
DIVISION OF OIL, GAS AND MINING
DEPARTMENT OF NATURAL RESOURCES
IN AND FOR THE STATE OF UTAH

IN THE MATTER OF TENTATIVE APPROVAL OF THE MINING AND RECLAMATION PLAN SUBMITTED BY LONE STAR INDUSTRIES, INC., dba PORTLAND CEMENT COMPANY OF UTAH, TOOELE COUNTY, UTAH

THE STATE OF UTAH TO ALL OPERATORS, TAKERS OF PRODUCTION, MINERAL AND ROYALTY OWNERS, AND PARTICULARLY ALL PERSONS INTERESTED IN Township 2 South, Range 6 West Section 20, Tooele County, Utah.

Notice is hereby given that tentative approval was given by the Division of Oil, Gas and Mining, on June 4, 1985 to commence mining operations in the above-described section, Tooele County, Utah.

The name of the mining operation is the Little Mountain Quarry and the person representing the company is Mr. E. S. Gallagher, P. O. Box 1469, Salt Lake City, Utah 84110.

Portland Cement Company of Utah has fulfilled obligations under the Utah Mined Land Reclamation Act of 1975 (Section 40-8, UCA 1953 as amended) with specific reference to Section 40-8-18 and will employ the following mining and reclamation techniques on approximately 20 acres of fee-owned land.

During Operations:

1. Limestone is drilled and blasted. Rock is hauled by front-end loader to a crushing system and stockpiled by conveyor. Front-end loader fills trucks with the crushed limestone for transport.
2. Site facilities will include mining machinery, crushed limestone stockpile, overburden waste pile, conveyor, office and storage buildings, and access roads.
3. In the first phase, 250,000 tons per year (tpy) of crushed limestone and 75,000 tpy of shale will be open-pit mined (1985-1987). In the second phase, 350,000 tpy of limestone and 150,000 tpy of shale will be open-pit mined.
4. Little Mountain Quarry operation will save and store topsoil for use in reclamation. Runoff from disturbed areas is contained in a sediment control system.

Following Operations:

1. The site will be reclaimed by regrading, topsoil redistribution, preparing a seed bed and seeding.
2. Highwalls and the main access road will be left in place.

Any person or agency aggrieved by this tentative decision is hereby requested to submit written protest within thirty (30) days of the date of publication to the Division of Oil, Gas and Mining, 355 West North Temple, 3 Triad Center, Suite 350, Salt Lake City, Utah 84180-1203, setting forth factual reasons for his or her complaint, and thereafter, at a time and place to be established, appear before the Board of Oil, Gas and Mining to show cause, if any, why this mine plan should not be approved.

DATED this 17th day of June 1985.
